

PRODUCT PORTFOLIO

DRIED FLOWER & PRE-ROLLS

Our curated selection of cultivars is grown and handled with utmost care to enhance their terpene profiles.

- Indoor grown
- Grown in soil
- Single-cultivar rooms
- Hang-dried
- Hand-manicured

SOLAR POWER™

Sour Kush

15-21% THC | <0.07% CBD

IDEAL FOR

AVAILABLE IN

This Symbi hybrid has a tightly packed bud structure with dense, vibrant green flowers covered with amber pistils and sprinkled with frosty trichomes. Terrifically tart and superbly pungent, Sour Kush is known for its powerful flavour profile combining sour, crisp lemon and invigorating pine. The robust, tangy citrus taste is balanced with hints of earthy wood and sharp diesel.

SATIVA INDICA

TOP 3 TERPENES:

Pinene, Limonene, Nerolidol

WAVE RUNNER™

Dela Haze

13-18% THC | <0.07% CBD

IDEAL FOR

AVAILABLE IN

This Amsterdam born, multi-award-winning sativa is the fruity crossbreed of Mango Haze and Lemon Skunk. Green and orange in colour, Wave Runner has a soft-to-medium bud density and is filled with visible pistils and a moderate dusting of crystal-like trichomes. Famed for its tropical mango meets zesty citrus flavour profile, the sweet fruit aroma and taste each come out strong, before perfectly mingling with the strain's earthy haze flavours.

SATIVA INDICA

TOP 3 TERPENES:

Terpinolene, Pinene, Cymene

HOVERBOARD™

Buddha's Sister

13-18% THC | <0.07% CBD

IDEAL FOR

AVAILABLE IN

This indica dominant cross between Reclining Buddha and Afghani Hawaiian strains is bursting with a variety of aromatic terpenes. The fluffy green buds are highlighted by delicate orange pistils and a silky coating of frosted trichomes. The unique aroma combines hints of floral, woody and earthy notes, and its spicy flavour is accented with a touch of tart cherry.

SATIVA INDICA

TOP 3 TERPENES:

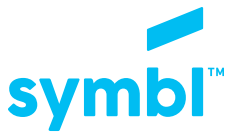

Terpinolene, Alpha-pinene, Myrcene
